Customer Reviews

I love this game. Minecraft is so simple in its core but at the same time extremely complex. You can spend literally hours upon hours exploring, mining, crafting and fighting zombies. It's almost addictive, but in a good way.To get the best player experience from minecraft you should know all of its basic principles. Otherwise you could spend an eternity finding what works and what doesn't

Luckily, thanks to books like these you don't have to first learn forever and can skip that process. This way you can jump straight into action and start having fun immediately.

I'd like to equate this guide to a little LEGO catalog full of interesting ideas but not too specific on how to build these things. I mean each creation has a short description but it is the picture that mattered most to me and enough to have even more fun playing Minecraft. It isn't limited to aesthetically pleasing stuff too. Even some tips on building cool traps are included in the book.

Minecraft is a really cool game, but sometimes it gets complicated. But patience my friend! I have something that will surely help you. This book has helped me so much as it gives lots of useful tips to get the game started. Also, this book will tell us everything we needed to know when it comes to starting Minecraft. It's really enjoyable for anyone who wants to learn the game. This book is handy and helpful! I love this and I'm obsessed with it. Just can't stop reading!

I have purchased this book on request of my son who enjoys playing Minecraft. This book teaches how advanced techniques of how to create amazing buildings as well as how to play the game more skillfully. My son enjoyed this book and said that now he enjoys Minecraft even more. Great book for Minecraft fans

This book is totally my favorite so far in minecraft because it gives tons of new information that i wanted and also by reading this book it helps me to learn more about Minecraft which helps me to get a bonding time with my kids to enjoy playing Minecraft because they love to be teach by me!

Well written and easy to understand. It did give me a lot of new ideas and tips on how to be a pro in a very easy way. I enjoyed reading this handbook because it is really informative. The guides are easy to follow and easy to understand. I highly recommended this book.

This was a great book that really covers the basics well. You can expect to know how to add traps and build buildings well from it. Well written and direct without going into unnecessary detail. Highly recommended if you're looking to improve your game.

For those, who love minecraft, this manual is a great one. You can learn about Superior Building Techniques and Designs, Comprehensive Minecraft Building Coverage, and Outstanding House

Ideas and Building Secrets.. You will also find out about the Mansions, Modern, Castles, Villas, High-Tech and more. Then, you can Explore Minecraft features you never knew about!
