For an avid piano player, this book still provides many challenges in reading and playing. The inclusion of the guitar/bass/drum/other lines, with a separate vocal line (some books like to hide this in the piano) make for an accurate and interesting play. Many of BFF's best hits are in this book. I would recomend it to anyone who is a fan and has a good number of years of piano behind them.

Very detailed transcriptions - everything is separated nicely, without the nasty combination of vocal and piano lines you get in some books. Highly recommended.

Got this mainly for the piano parts, but this book also contains VERY accurate transcriptions of the bass guitar, drums, cello, clavichord, clarinet, etc. If you hear it on the CD, it is transcribed in the book. My band recorded a couple of the songs from this book, and apart from Ben's voice, it is almost indistinguishable from the CD. Would definitely recommend this book to Ben Folds fans!

LOVE THIS BOOK!! often have a difficult time getting appropriate piano tablature as so many band anthology or album books are "Easy Tab"... this book is quite accurate and brought me hours of solace after my boyfriend dumped me!

Although the piano part is smaller in comparrison to other scores i own, this product served its purpose perfectly. I have now perfected most of ONE ANGRY DWARF AND 200 SOLEMN FACES. it is a great buy. and cheap too!

Well transcribed and perfect for learning BFF songs from WAEA.
