Customer Reviews

Honestly, I haven't had time to read them cover-to-cover yet. I can't really offer you a great, in-depth review. Sorry. You do get both Kindle books, albeit in one file. Would have preferred two separate files, but... meh. Good deal, so no worries. I did, however want to help raise this product's rating. As an avid customer, I rely on ratings quite a bit for my purchasing decisions, and this product page got a bad start. I don't feel like the product should suffer 'cause someone didn't pay attention to what they were getting, because I know that can affect the sales. I found this package after seeing the high ratings for both of these books separately on their own product pages...Crucial Conversations Tools for Talking When Stakes Are High, Second Edition (yes, the package actually includes the second edition) & Crucial Confrontations**If you'd like reviews more helpful than mine (=P) you can always read the many positive reviews for these books separately. They are the same two books spliced into one Kindle file, far as I can tell.**I will say, both of these books have helpful information in them (from what I've read so far), and are written in a way that is easy enough to

read. Most of all, this is a GREAT DEAL!
