# Sound Innovations For String Orchestra, Bk 1: A Revolutionary Method For Beginning Musicians (Viola), Book, CD & DVD (Sound Innovations Series For Strings)

## **Synopsis**

Sound Innovations for String Orchestra is a revolutionary new method that combines time-tested educational concepts, input from thousands of teachers, and advances in modern technology. Using solid pedagogy that follows state and national music education standards, the methods can be customized by teachers to use their own experiences in creating the best approach for their unique classroom. Sound Innovations is available in two versions: Standard Edition and the custom Director's Choice Edition. Visit [www.alfred.com/soundinnovations](http://www.alfred.com/soundinnovations) for more information. This title is available in SmartMusic.

## **Customer Reviews**

I love this series for violin, the CD music is actual string quartet samples rather than the yucky midi files, dorky arrangements, or "elevator muzak" used in some instructional books. The music files are very helpful for developing your listening skills, intonation, and rhythm. I like how the skills are broken down, practiced, and blended with previous skills -- all demonstrated using stringed instruments! Finally!!

Great book for my daughter who is learning to play the violin. It came quickly and in great condition. I would recommend it to others.

Perfect for both large ensembles or solo learners, is as it says on the tin. Very straightforward and orderly. Perfect condition and on time

This Book is for my 9 year old Daughter and it has worked out well. Fred the Photographer

Just what the 6th grade class needed at a great cost

Very pleased, exactly as described, fast shipping

Quick shipping and nice easy to understand book.

We love this program.
