Synopsis

100 Pages of Blank Guitar Manuscript Paper Sheet Music with Staff, Tab Lines, Lyric Lines and Chord Boxes designed for writing great guitar music. Along with the blank staff pages are 10 blank additional pages of extra chord boxes. Perfect for songwriters and musicians of all kinds. The guitar staff and tablature pages have been set up with only 3 sets of Staff and TAB lines per page and they have been spread apart nicely to make them easier to write your music on. Each set of Staff includes lyric lines to write your words on and chord boxes for each measure. All our blank guitar manuscript books include our Basic Music Notation Guide for Guitars, showing notes, basic staff and TAB layout and a fret board with notes for the first 12 frets. Also includes descriptions of what is a chord, highlighting six different ways to show chords and how to read a Guitar Chord Box. Includes Notes That Make Up a Major Chord, Chords for the Major Keys, Scale and Arpeggios layouts and Chord Spellings for the Major Triad through the Sus 2 chords. Gives you a good resource to help you get started writing your songs. At the back of the book are the Acoustic Music TV Essential Chord Charts for Guitar with our most popular fingering chord charts, along with 10 pages of blank chord boxes for roughing out a song by chords only.

Perfect design. Looked for a book like this. Other books have various elements like tab or chord boxes or notation or lyric lines...but not all elements, as this one does. The sizes of the notation and tab lines are perfect, too -- not too big and not too small. I don't write music. Going to use it just to

work out songs by ear. I don't usually use tab, but just get the chords and then work it out. But the tabs will be useful for when I work out specific fingerings, and being able to integrate all elements -- notation, tab, and chords -- should help me enormously. This book is exactly what I needed.

Great value, 100 pages with the notation and the tab parts aligned one on top of the other and the chord boxes as well. Very effective for those that are learning songs, writing songs, just wanting to jot things down for later, or learning music/songs from DVD's that have no tab or music sheets included. It is a sturdy book, good binding, I've written quite a bit in it already and have had the front page bent all the way back and have had no loose sheets.

The layout and graphic clarity of the instructional pages in the front and back of this book are worth the price of this book alone. And the material presented in those pages are VERY helpful: all the fretboard notes, chord note make up, chord spelling, I, IV, V, V7, chords for major keys, etc.

This book is just what I wanted with room for standard music notation, tab, and chord boxes. Great for creating and documenting ideas.

not only did the book contain many pages of usable blank sheet music, but it also contained some pointers and a few standard lesson pieces for beginners like the chord scales as well as bar chords

Great book. Way more than I thought. This book not only has nice sheet music pages but a section of blank fret grids and a host of how to information. Well-organized.

This manuscript paper is exactly what you need if you want to write the music and tablature together. You can also add the chords, if you like.

Exactly as described. I like it.
