Killing Floor: A Jack Reacher Novel

Synopsis

Jack Reacher visits a town without pity in the first novel in Lee Child's New York Times best-selling series. Ex-military policeman Jack Reacher is a drifter. He's just passing through Margrave, Georgia, and in less than an hour, he's arrested for murder. Not much of a welcome. All Reacher knows is that he didn't kill anybody. At least not here. Not lately. But he doesn't stand a chance of convincing anyone. Not in Margrave, Georgia. Not a chance in hell.

Book Information

Audible Audio Edition

Listening Length: 17 hours and 47 minutes

Program Type: Audiobook

Version: Unabridged

Publisher: Random House Audio

Audible.com Release Date: October 27, 2015

Customer Reviews

I'm new to the Jack Reacher series but I have to say that I enjoyed this first book. I was interested in reading what other reviewers had to say: Author was charged with using the word "shrugged" too much. I never noticed, I was busy turning the pages I guess. Author was charged with using short, choppy sentences. Is that a literary offense? Because if it is, it's time to take Hemingway's work out and burn it, he having been critically lauded for years for that short, choppy style which is supposed to be very manly -- in a literary sense, I suppose. All I know is that I find old Hem's work mindnumbingly dull. At least Mr. Child keeps me awake, those choppy sentences lend a sense of urgency to the story. (Just like Earl Emerson's short chapters in 'Pyro'!) Author is charged with not being an expert on America. Neither am I and I've spent 48 out of 50 years here. Oh, and one review bemoaned the fact that somehow the author failed to realize the US has no Marines stationed in Europe, that we have no naval base there. Hm, I don't keep up with the exact locations of all US bases but I spent two years at Zaragoza Air Base, Spain, and when I was there, the US had a naval base at Rota. Author is charged with having written a very violent book. Well. There

you have me. It IS violent. If violence disturbs you, what the heck are you doing reading books in this genre in the first place? There was a great honking picture of a bloody handprint on the cover of the paperback I bought -- I would have thought that was a (you'll excuse the pun) dead giveaway as to the nature of this book. Oh, almost forgot. The author is also charged with too much coincidence in the brother/killing plot point. Stranger things happen every day -- gee, Bush got elected twice. I think THAT's stretching coincidence!
