Smile Now, Cry Later: Guns, Gangs, And Tattoos-My Life In Black And Gray

Synopsis

Pioneering black-and-gray tattoo artist Freddy Negrete was twelve years old and confined in the holding cell of a Los Angeles juvenile facility when an older teenager enteredâcovered in tattoos. Freddy was in awe, not just of the art, but of what it symbolized, and he wanted what this kid had: the potent sense of empowerment and belonging that came from joining a gang. The encounter drove Freddy to join the notorious gang La Sangra, and it didn't take long before he was a regular guest at LA County's juvenile detention facilities. By the age of twenty-one, Freddy had spent almost his whole life as a ward of the state in one form or the other. Enthralled by the black-and-gray tattoo style that in the 1970s was confined to the rebel culture of Chicano gangsters and criminals, Freddy started inking himself with hand-poked tattoos. Everyone wanted a piece of Freddy's black-and-gray style--gangbangers but also Hollywood starlets and film producers. In a riveting narrative that takes the reader from Freddy's days as a cholo gang member to evangelical preacher to Hollywood body art guru to addiction counselor, *Smile Now, Cry Later* is, ultimately, a testament to that spark within us all, that catalyst which gives us the strength to survive, transform, and transcend all that can destroy us.

A powerful, moving tale of a remarkable life. What a ride - from the start, I was hooked right into the journey, from the fascinating cultural & tattoo history, to the tough gangland and prison life, adventures of Hollywood highs, down to terrible heartbreaking lows. A personal fight to overcome a

hard, difficult past with courage and determination, to not only survive, but succeed against heavy odds. Inspiring. Freddy, thank you for sharing your story.
