## Customer Reviews

Glad this book was free. I lived in the area at the time of the events so was interested in the viewpoint of an elected official. From that point of view it was interesting, if not particularly well-written. It was also a politically motivated, written 30 years after the fact in order to warn against Muslim immigration at a time when it is a factor in a political campaign.

My favorite part of this book was the final words from the author. Like all history, we MUST remember the past to make a better future. Much of what happened back then can be applied to things happening today. I lived in The Dalles at the time, I remember-and it influences how I feel about things the author covers (although, imho not enough) in the final chapter relating to religious laws and the push for us to just accept them.

Beautiful, recollections of a threat our county lived through. Art Labrousse brings the story to life and how deceptive the motives to take over the county government. No fiction writer could come up with this plot. Thank you, retired Sherriiff Labrousse for giving the communités and residents of Wasco,

Sherman and Jefferson a tool to use, and begin to heal from the affects of a few greedy, people.
