The Seven Storey Mountain

Synopsis

A modern-day Confessions of Saint Augustine, *The Seven Storey Mountain* is one of the most influential religious works of the twentieth century. This edition contains an introduction by Merton's editor, Robert Giroux, and a note to the reader by biographer William H. Shannon. It tells of the growing restlessness of a brilliant and passionate young man whose search for peace and faith leads him, at the age of twenty-six, to take vows in one of the most demanding Catholic orders--the Trappist monks. At the Abbey of Gethsemani, "the four walls of my new freedom," Thomas Merton struggles to withdraw from the world, but only after he has fully immersed himself in it. *The Seven Storey Mountain* has been a favorite of readers ranging from Graham Greene to Claire Booth Luce, Eldridge Cleaver, and Frank McCourt. Since its original publication this timeless spiritual tome has been published in over twenty languages and has touched millions of lives.

Today I delivered a gift copy of this book to a widow, "Grace" whose husband had been my late father's closest childhood friend. A week earlier, Grace had asked: "Have you ever read Thomas Merton's SEVEN STOREY MOUNTAIN? I read it in 1953; and found it very moving. I'd love to find a copy and read it again." When I presented her with a new copy of this edition, I asked if I could read aloud my favorite passage (early in the book) concerning Thomas Merton's 'little brother' John Paul (five years younger) who, like his older brother was a French-born, American citizen. Late in the book Thomas Merton tells us how John Paul was compelled early in WWII to join the Royal

Canadian Air Force (and trained right here in Manitoba! John Paul Merton had been flying bombing runs over a real sandy desert on the prairie just outside nearby Camp Shilo, where today's Canadian Artillery Officers still train. My late father was flown at Canadian Army expense each year, late in life, to address the graduating officers at that camp: Small world!) Just before leaving for overseas, John Paul flew to see his older brother Thomas and, not incidentally, be Baptized, and welcomed into the Catholic faith. Then he left for England (and was killed in action the next year, when his RAF bomber went down over the English Channel). His death provides the moving culmination to this book - bringing the reader 'full circle' from the moment (back on page 25) when Thomas Merton introduces us to John Paul. (What follows is the passage that moves me to tears when I read it aloud to a friend.
