Customer Reviews

I thoroughly enjoy varying styles of music books. Hosanna! When I find a book by Hosanna! Music I usually purchase it. The quality is excellent and the variety of songs is refreshing. I recommend this book to any musician that plays for a church or even for self enjoyment. I would recommend that someone have at least second level music experience and can either play by note, or by chords. Either way this is a fun book to have around.

Actually, i was looking for another songbook, which included many of the songs that are in this one, but with different arrangements (more complete ones, not just the song). Anyway, it's not a bad addition to my music library.

Very good condition
