Customer Reviews

This book is just terrible. I bought it as a reference and to so that I wouldn't have to write down everything from dance class. But upon reading it I find almost every dance is presented in ways I have never been taught or seen practiced in any of the clubs here in San Antonio. I think maybe the Salsa step was the same and some the rumba but all the other dances just look wrong. Also the dance frames shown are the type of holds I have been taught as wrong. (hand on the poor girls kidney instead of higher up.) In terms of the step being taught the diagrams and descriptions are not clear and many times they will use a term like Ball-Flat without defining the term anywhere in the book. Overall a very poor effort- I wish I had not spent the money on it.
