Customer Reviews

I used this in conjunction with an online class. I found the Cengage learning difficult to navigate and understand. Very poor set up for new students. And good luck with customer and tech support

Many colleges now require textbooks that contain an internet access card for the student. Be advised that this book does not come with one. The book itself is fine.

Received as guaranteed within two days! Perfect!

This book was required for a course I'm taking but it's really great and explains key concepts very

well

It is a very informative textbook. It is useful in accounting.

The book was clean and looks like new ..thanks
