100 different paintings. Most of them list the colors that they used and a limited description on how they painted, or approached the subject matter. Lots to look at and help bolster any thoughts on how to paint an area.

Excellent book for the more advanced artist. I love every part of it. Would recommend this book and to my friends and students.

Great reference with many diversed landscapes. I often used it to check my light and sky.

very pleased to receive this book in great condition, good price and delivered quickly! Thanks.
